

Lyme Art Association

The Lyme Art Association is a vibrant arts community providing free public access to fine representational art in the beautiful sky-lit galleries of our historic building.

Seven exhibitions each year present approximately 1,400 new pieces of original work, all for sale, created by the Association's talented member artists.

Weekly classes teach portrait, figure, still life, and landscape in many mediums, for beginners through established, professional artists.

Lectures and special programs bring new perspectives on art and art history to the public.

The Art Supply Expo and Palate to Palette bring lively art-centered events to the community.

The Lyme Art Association continues to foster fine art appreciation and education, a tradition carried forward more than 100 years.
