

Old Saybrook Education Foundation (OSEF) is a nonprofit organization that supports enrichment and excellence in all three of the Old Saybrook Public Schools.

Thanks to the support of the Old Saybrook and surrounding town communities, we are able to support innovative projects and student experiences in each school in our district. Donations both large and small have made a difference in the lives of so many students, teachers and staff.

What we do: OSEF helps provide students and staff with opportunities beyond what the school district can provide. This includes grants to support innovative classroom projects, conferences, scholarships and recognition of staff members.

How we raise funds: OSEF has several fundraising initiatives each year including our annual membership drive and holiday giving program. Donations are also received through the year for scholarships, special events, matching gifts and community grants.

What we support: Below are examples of past programs and initiatives that OSEF has supported:

Goodwin

Fine Arts Day
Eli Whitney Museum
Science Day
Empower Leadership

OSMS

Geoff Krill Survivorship Program
STEAM Day
iPad Project
Standing Desks

OSHS

Honduras Trip
Washington, DC Trip
Names Can Really Hurt Us Program
30 Scholarships Awarded in 2021

How do we differ from the PTO? The PTO is building specific and raises funds to provide children with wonderful opportunities to enhance their school experience. OSEF serves the entire Old Saybrook Public School District, not just an individual school.
