

The Old Lyme Visiting Nurse Association, Inc.

Now into our 101st year we are pleased to still be helping the community. While services rendered have changed over the years, we still are inclusive for all ages. In addition to monthly Wellness Checks by the Town Nurse, who can also coordinate any additional services needed, we help with grocery gift cards for those in need in town. Scholarships for graduating Lyme-Old Lyme students who plan to enter the nursing field are offered as well as a scholarship to CT Community Colleges Three Rivers Nursing School.

As times have changed, we strive to keep up with the needs of our residents. We are pleased to help support addiction recovery and mental health needs. Both have become increasingly prevalent for all ages. We coordinate with Social Services in Lyme and Old Lyme for any out of the ordinary needs, be it medical, personal care items, etc. We are here for you, please feel free to contact us with any questions. Thank you to all the townspeople who continue to support us.
