About the Library

From developing fun, interactive story times for infants and toddlers to hand-delivering books to homebound patrons, the Library provides opportunities for residents of all ages to learn and grow. Our core services include providing access to a variety of print and digital books, audio-visual media, and research tools; assisting with technology and encouraging the development of information literacy; supporting the public school curriculum; conducting early literacy training and fostering an enduring interest in learning and reading among our youngest patrons; and offering programming that informs and engages the community.
