

Forgotten Felines was founded in 1992 to help meet the growing needs of the homeless cat population on the Connecticut shoreline. We currently have over 75 active volunteers, most of whom have full-time jobs.

Forgotten Felines is a private, all-volunteer, 501(c)(3) organization in Westbrook serving eleven towns along the Connecticut River and shoreline. Our mission is to stop the proliferation of homeless cats living hard lives and struggling to find food and shelter on the streets of our local communities. We have all the cats we rescue spayed or neutered, vaccinated, given thorough health exams, and tested for feline leukemia virus (FeLV) and feline immunodeficiency virus (FIV).

At our humane, no-kill shelter, we provide rescued cats with nutritious food, warm beds, and expert care, with the goal of finding them permanent, loving homes. Forgotten Felines also provides low income families with spay/neuter, testing and vaccination services and donates food and supplies to families that are struggling and cannot afford to adequately care for their pets.
